Summary:

Passionate Front-End Developer with 1.7 years of experience building responsive, dynamic web apps using React,

Next.js, and Redux. Built no-code tools and form builders used in real-world SaaS products.

Strong problem-solving mindset with a focus on clean code and performance.

Professional Experience:

Associate Software Engineer | Iron Networks, Mohali (Jan 2024 - Present)

- Developed core features of a No-Code builder like FlutterFlow using React, Next.js, and React Flow.

- Improved performance by implementing clean code and reusable components.

- Worked closely with product and design teams to deliver user-centric UI features.

Software Development Virtual Intern | JP Morgan Chase & Co. (Jun 2023)

- Set up local development environment and fixed broken files.

- Used JPMorgan's open-source tool 'Perspective' to build real-time data visualization for trading systems.

Student Intern | Development Logics Pvt. Ltd. (Aug 2022 - Oct 2022)

- Developed 5+ client websites using HTML, CSS, and JavaScript.

- Created a custom Land-Area Converter using Hash Maps.

- Participated in client meetings, documentation, and industry research.

Projects:

- No-Code Event Builder: Drag-and-drop builder using Next.js & Redux.

- Recruitment Portal: Talent: MERN stack recruitment portal (in progress).

- Get a Call from API: Postman-style REST API tester.

- Builder-Cub: No-code builder action module (like FlutterFlow).

- VITTI - College Website: Syllabus, notices, results, built with PHP, JS, MySQL.

Education:

B.Tech in Computer Science, Govt PG College Dharamshala (Aug 2020 - Aug 2024)

CGPA: 8.92/10

Technical Skills:

Languages & Frameworks: JavaScript, TypeScript, React, Next.js, Redux, HTML, CSS, Tailwind, Kotlin, Java, C/C++

Tools & Platforms: GitHub, Bitbucket, VSCode, Postman, Android Studio, Webpack, Jest

Soft Skills: UI/UX Design, Communication, Leadership, Problem Solving
